PROGRAM RULES

It is important that you read and understand the following information.

It is your responsibility to ensure that you complete all the requirements of this program in order to graduate. The following information is designed to help you plan your enrolment to meet this goal.

Further information can be found under the **Courses and Requirements** link in the Programs and Courses website:

<https://my.uq.edu.au/programs-courses/requirements/program/2171/2024>

You may have to swap courses in the plan to allow you to finish with your desired major/s – please check prerequisites and semester offerings on [Programs and Courses](#). You are not required to submit this program plan for approval. However, if you have any questions or concerns about meeting degree requirements, especially when you are nearing the end of your program, please [contact](#) the Faculty of Business, Economics and Law for advice.

PROGRAM GUIDELINES

You must complete a total of 48* units from the BBusMan course list comprising -

- 16 units for all BBusMan Core Courses; and
- 16 units for one major from BBusMan Majors and
- 16 units from either:
 - a second major from BBusMan Majors; or
 - General Elective Courses

*At least 8 units (4 courses) must be at level 3 and no more than 24 units (12 courses) may be at level 1 (therefore excluding BBusMan Core Courses, maximum 8 units may be level 1 courses).

General Electives can come from almost any other undergraduate program at UQ providing you have met the prerequisites; they are not incompatible with any of the courses in your program, nor a prerequisite for entry to your program (e.g. you cannot gain credit for MATH1040 if you studied Mathematical Methods or Mathematics B in high school and used it to meet the maths prerequisite for entry into the program).
