Credit Transfer for Previous Studies

• Students who have previously undertaken tertiary studies (e.g. Bachelor’s degrees, associate degrees, diplomas, higher diplomas, advanced diplomas) may be eligible to apply for credit transfer, depending on the duration of their previous studies and the equivalency to the UQ courses.

• Students who have come from High School or Foundation Year programs are NOT eligible for credit transfer and are required to complete their entire program at UQ.

• If you wish to apply for credit transfer, please email international@bel.uq.edu.au by Friday, 8 March 2019.
Already received credit transfer?

- If you have already received credit transfer, you must sign and return your Credit Transfer letter before Census Date (Sunday, 31 March 2019). The Credit Transfer letter will be sent to your UQ email address in March. It is important to respond to this email.

- If you have received credit transfer for more than 8 units / 4 courses general electives, you will NOT be able to complete two majors.

- If you are considering a program change (e.g. from Bachelor of Commerce to Bachelor of Economics), you should contact your first semester adviser this week so that we can assist you in course planning and ensure your first semester enrolment is correct.

- Ensure that you complete your studies within the duration of your visa. If not, apply to extend studies & request new CoE early - this can only be approved in exceptional circumstances

- Make sure you do not overstay your visa

- The amount of credit transfer you receive will affect the duration of your CoE and visa:
  - What major(s) you select will affect your credit transfer
  - If you are unsure whether or not you would complete one major or two majors, please request the minimum units of credit transfer and contact your first semester adviser so that we can make sure your credit transfer is correct before Census Date
  - Credit transfer can be added at a later stage, but cannot be removed once Census Date has passed

- Earn credit towards your UQ degree
- For **an exchange semester** you will continue to pay tuition fees to UQ – **no additional tuition fees** are paid to the host university. For **short term programs**, you pay the tuition fees to the host university.
- With careful and early planning, this will not extend the duration of your UQ program
Your Responsibilities

• Enrol and pay your fees on time each semester

• Check your UQ email account regularly

• Read and understand information provided by UQ

• Ensure any changes are made by the due dates

• Keep your contact details (e.g. mobile number, home address) up to date

Course description

Globalisation is a widely used term in business, politics & trade but its real meaning & implications are often misunderstood. This course takes students through the major issues relating to globalization. These are the different meanings that are associated with the concept, the causes & effects of the globalization process, the roles of various players, in particular the multinational firm & governments & the likely future directions of world business in a global context. Criticisms of globalisation are reviewed in the light of their wide appeal.
