Why study with us?

Learn with the best

Our award-winning lecturers have extensive academic and industry expertise and are dedicated to helping you succeed. In addition to class contact time, we offer academic advice, peer-assisted study sessions and employment services to ensure you reach your potential.

Choose business

Challenge yourself and develop the skills to thrive in constantly changing and highly competitive business environments. UQ Business School's vast network of industry contacts means you can develop practical experience and professional connections through internships at some of the world's biggest companies. Studying business opens up opportunities for a wide range of change-making careers in the public, private and not-for-profit sectors.

Choose commerce

Commerce graduates have extensive career options in accounting and consulting firms, public and private companies, financial institutions and government in Australia and globally. Throughout your program, you will develop strong technical knowledge and skills in critical evaluation and problem-solving, along with practical application. Broaden your opportunities by taking part in internships, industry placements or international student exchanges while working towards an internationally recognised qualification that will allow you to adapt to, manage and influence the dynamic business world.

Choose economics

Economics graduates are among the most sought after and highest paid in Australia.* Economics develops your analytical, modelling and forecasting skills, and instils an understanding of how society uses the world's scarce resources. These skills are in high demand by businesses, consultancies,

governments and international agencies. Your economics program will equip you for a meaningful career helping to resolve some of the world's greatest challenges, including business productivity and investment decisions, the allocation of humanitarian aid, complex environmental issues and the ageing population.

* Graduate Destination Survey 2015

Choose law

UQ Law is proud to be the oldest law school in Queensland and one of Australia's leading research-intensive law schools. While our teaching methods have changed significantly over time, we have retained an emphasis on traditional educational goals and values. We foster a comprehensive and sophisticated understanding of the law that will see you develop practical legal skills, stimulate thoughtful debate – with a focus on ethical and social responsibility – and nurture enthusiasm for the study of law.

Choose tourism

Gain a rewarding international career in tourism, hospitality or event management. Tourism blends core business skills and industry knowledge with valuable practical experience, ensuring you receive a well-rounded education. You will learn to provide solutions to industry-specific challenges, such as sustainability, and create meaningful change in your chosen field. Our graduates pursue careers in event management, food and beverage management, hotel and resort management, consultancy, wholesale and retail travel and tourism marketing.

Get involved

Our active student body and student associations help you get the most out of your program by providing study support, professional development and social networking opportunities.

Double up

A dual degree gives you room to move by enhancing your skill set.

Extensive industry networks

Undertake internships in the offices of some of the world's leading companies, through our vast industry networks.

Dedicated employability team

Our award-winning Business, Economics and Law Student Employability Team (BEL SET) is dedicated to strengthening student employability and career outcomes.

"The strong focus on real-life experiences has enhanced my confidence in joining the workforce, and as a female of the 21st century, I believe my program gives me the tools to make a difference in the business world."

Stephanie Field

Bachelor of Advanced Business (Honours)

Double your opportunities

Improve your employment prospects and broaden your skills and knowledge by studying two programs at the same time.

As the world around you changes, new and fascinating career opportunities are created every day, and job roles increasingly combine multiple disciplines.

A dual program, also called a double degree, will equip you for this evolving job market. It gives you the flexibility to study two different disciplines in a much shorter time, by studying only the mandatory courses for each program with fewer or no electives.

^x Selected dual programs are currently under review, and durations are subject to change.

Visit future-students.uq.edu.au for up-to-date information.

^y Minimum (adjusted) selection threshold 2020 is the minimum score that was considered for an offer of a place to all applicants.

^z Lowest OP/Rank to receive an offer refers to all recent secondary students who were offered a place in 2020.

* Not all applicants on this OP/Rank gained entry; finer discrimination within the OP/Rank was used.

** Students may take the program on a part-time basis, but the final year must be commenced in Semester 1 and must be taken on a full-time basis.

Benefits of dual programs

Save time

Graduate with two bachelor's degrees in as little as four years – a much shorter time than it would take to study both programs separately.

Strike a balance

Why compromise when you can balance your studies and your sanity by pursuing both your career ambitions and passions? Dual program students appreciate the diversity of topics offered in their two different programs.

28

business, economics and law dual program combinations available

Are you an international student?

While a lot of information in this guide is relevant to you, certain key information may be different for international students.

You are an international student if you are:

- not a citizen of Australia or New Zealand, or
- not an Australian permanent resident, or
- a temporary resident (visa status) of Australia.

Eligibility for UQ study

For admission into undergraduate programs at UQ, you must have:

- completed secondary studies equivalent to Queensland Year 12 with a score comparable to the Queensland rank specified for your program
- satisfied individual program requirements (e.g. specific subject prerequisites, auditions or interviews)
- satisfied UQ's English language proficiency requirements.

If you do not meet these criteria, you might consider taking the Foundation Year bridging course offered by International Education Services (IES) or English language training offered by the Institute of Continuing and TESOL Education (ICTE).

Foundation Year bridging course

iescollege.com/foundation-year/home

Institute of Continuing and TESOL Education

English language proficiency requirements

[future-students.uq.edu.au/
applying/english-language-
proficiency-requirements](http://future-students.uq.edu.au/applying/english-language-proficiency-requirements)

Applying to UQ

A UQ degree is a qualification the world will recognise. If you've got the ability, commitment and ambition to make the most of UQ, then we want to hear from you.

future-students.uq.edu.au/apply

Study options at UQ

If you would like to know more about your study options at UQ, enquire through our online form, and one of our UQ advisers will respond. You can also register for an advisory session with one of our student advisers. If you are in Brisbane, sign up for a campus tour.

We also have a range of publications, including the international undergraduate and postgraduate student guides, to help you.

Ask UQ

**UQ has more than
20,000 international
students from
143 countries**

"UQ is a great place to make new friends, plus it's a top-ranking university with high academic standards, clubs to suit every interest and great sporting facilities."

Surbhi Malik

Bachelor of Business Management

Tuition fees

As an international student, you will pay tuition fees, a Student Services and Amenities Fee, and potentially other administrative fees. UQ has program-based tuition fees for coursework award programs, meaning that all courses within a program are charged at the same tuition fee rate per unit for a given academic year. Some programs also have additional costs.

[future-students.uq.edu.au/apply/
international/tuition-fees](http://future-students.uq.edu.au/apply/international/tuition-fees)

Other expenses

International students applying to study in Australia must have a student visa or an alternative visa that enables them to study full time on campus. Please consider expenses such as visa and medical (pre-departure) fees, general living expenses, return airfares, and Overseas Student Health Cover (OSHC) when you plan your budget.

cost-living](http://future-students.uq.edu.au/international/cost-living)

**Independently ranked
as one of the top business
schools in Australia**

Best Global Universities, 2017

Business School

Study with one of Australia's best business schools.

Top ranked

What sets UQ Business School apart is that we stand for the kind of business that matters: business that creates sustained and positive change in industry and the community. Learn from the most innovative business educators in Australia who will challenge your thinking. You will take in the most current and relevant theory and apply this knowledge through internships and industry projects.

Academic and industry leaders

Our world-class lecturers are consultants and advisers to leading companies worldwide. The majority of our academic staff members hold PhDs and produce research papers that are cited in the world's top-tier journals. This expertise ensures our teaching is relevant and informed by the latest research. Our programs cover a broad scope of business disciplines, and our lecturers supervise a diverse range of higher degree by research (HDR) topics.

Push your boundaries

You will have access to industry leaders for real-life projects, as mentors and for internships. Our Community Engagement Program is unique; by participating, you can build your skills working on community sector projects that benefit not-for-profit and charity organisations. Give back to the community while learning.

Careers

The diversity of our programs ensures our graduates are in demand across a wide range of industries within the public, private and not-for-profit sectors. Many of our alumni work in leadership positions in accounting, banking and financial services, consultancy, advertising, event management, marketing, state and federal government, business development, tourism and business information systems.

1st

The first business school in Australia to earn both the European Quality Improvement System (EQUIS) and Association to Advance Collegiate Schools of Business (AACSB) accreditation

Bachelor of Advanced Business (Honours)

The Bachelor of Advanced Business (Honours) (BAdvBus(Hons)) program will support you to become a critical and reflective thinker, capable of identifying, analysing and developing solutions for the complex challenges facing businesses in the 21st century.

QTAC CODE	MINIMUM SELECTION THRESHOLD 2020* OP / RANK / IB / ATAR	LOWEST OP / RANK TO RECEIVE AN OFFER 2020*		DURATION	START SEMESTER	CAMPUS	HONOURS	ADMISSION REQUIREMENTS

Why Advanced Business at UQ?

Our four-year honours program is limited to a small, highly motivated and high-achieving cohort aspiring to leadership roles in business, the community or academia.

The courses in this program are designed to make you stand out to employers and are taught by internationally respected industry experts and academics. Our unique capstone course in leadership and ethics will provide an opportunity for you to apply your knowledge and skills to real business cases.

What you will study

You will study a wide range of advanced business courses, providing the most comprehensive set of business management skills of any undergraduate program at UQ.

Learn how to communicate and engage with customers and employees of your organisation; use analytics to understand the dynamic nature of marketplaces; and design, measure and assess financial and business decisions. Identify and capitalise on business opportunities, and manage business internationally and across cultures. These are only a few examples of the many exciting topics our courses cover.

You can select from two pathways:

- The professional pathway allows you to take courses from UQ Business School's specialist teaching areas.
- The research pathway is offered via a thesis for those who want to enter into a higher degree by research (HDR).

Career opportunities

On graduation, you will have a globally recognised honours degree that will help you stand out in a competitive job market. Within this program, you will also have the opportunity to take part in an industry placement course at a leading organisation in Australia. Alternatively, this program can be used as a stepping stone to further research in industry or academia.

As a graduate, you can expect a career in companies, agencies and organisations across the private and public sectors, both in Australia and internationally. Specific roles depend largely on your majors, but this program provides considerable flexibility depending on your personal career goals.

Honours

Honours is awarded to all graduates of this program in the following classes (based on GPA): Class I, Class IIA, Class IIB, Class IIIA, Class IIIB.

Majors

You can develop greater depth of knowledge by choosing majors that are relevant to your desired career.

Professional memberships

As a graduate, you may be eligible for memberships with a diverse range of professional bodies:

“Studying Advanced Business gave me insight into the dynamic, increasingly globalised business environment, equipping me with the skills required of a future business leader. The accelerated pace of learning allows me to major in three disciplines, providing me with depth of knowledge as well as breadth. This has given me a competitive edge over business students from other universities in the ever-changing business world, supporting and empowering me to create change.”

Chanel Leung

Bachelor of Advanced Business
(Honours)

Bachelor of

Advanced Finance and Economics (Honours)

The Bachelor of Advanced Finance and Economics (Honours) (BAdvFin&Econ(Hons)) is your passport to becoming a leader in the fields of finance and economics.

QTAC CODE	MINIMUM SELECTION THRESHOLD 2020 ^a OP / RANK / IB / ATAR	LOWEST OP / RANK TO RECEIVE AN OFFER 2020 ^a		DURATION	START SEMESTER	CAMPUS	HONOURS	ADMISSION REQUIREMENTS

714311	1 / 99 / 42 / 99.00	1 / 99	3 / 96	4 years full-time	1	St Lucia	Part of standard program, awarded based on grade point average of specific courses	Queensland Year 12 (or equivalent) English, Mathematical Methods or Specialist Mathematics

See 'Program table explained' on page 44

^a Minimum (adjusted) selection threshold 2020 is the minimum score that was considered for an offer of a place to all applicants.
^c Lowest OP/Rank to receive an offer refers to all recent secondary students who were offered a place in 2020.

Why Advanced Finance and Economics at UQ?

This program closely integrates the disciplines of economics and finance and allows you to focus on core areas at a high level. Courses and activities that are exclusive to the program ensure you will forge lifelong personal and professional connections with your cohort.

Working with our world-class academic staff will help you establish strong links with leading employers. You may also have the opportunity to study a semester abroad at one of our prominent international partner universities.

What you will study

What are the economic and social outcomes of policy changes? What effect has the global financial crisis had on macroeconomic theory and monetary policy? Which financial issues confront most companies? Explore these issues and more in this interdisciplinary program jointly taught by UQ Business School and the School of Economics.

You will develop the analytical rigour and technical knowledge to be an economist in a variety of public and private sector careers or a leader in finance, investment banking, capital markets, equity or venture capital.

At the end of your third year, you will choose to major in either economics or finance, or complete a more general pathway and undertake a range of elective courses and a team project.

Career opportunities

Potential career pathways include investment banking, funds management, management and financial consulting, stockbroking, international finance and trade or employment with a government agency such as the Reserve Bank of Australia. You may also go on to study for a higher degree by research (HDR).

Honours

Honours is awarded to all graduates of this program in the following classes (based on GPA): Class I, Class IIA, Class IIB, Class IIIA, Class IIIB.

Majors

You can develop greater depth of knowledge by undertaking a major that is relevant to your desired career. A major consists of courses from one area of specialisation to provide additional insight into the discipline. Undertaking a major may lead to further study in the discipline through a higher degree by research, such as a PhD.

Professional memberships

As a graduate, you may be eligible for membership with this professional body:

Why Business Management at UQ?

The Bachelor of Business Management will prepare you to be a strategic business leader so you can stay ahead of the game, no matter what the world throws at you.

Our academic staff are leaders in their fields, working to find solutions to some of the world's most pressing issues. Their research and consulting activities ensure our teaching is at the forefront of contemporary business knowledge.

We firmly believe in providing you with practical experiences to build on your knowledge, including applied projects, real-life case studies, guest lectures by industry experts, and opportunities for placements and internships with leading businesses. By the time you graduate, you will have the skills to confidently lead people and innovative projects.

What you will study

How do group dynamics affect employee behaviour? How do you manage online advertising and content? How can businesses make a profit while helping communities? How can businesses incorporate sustainability into their planning? You will explore the answers to these questions and more during your business management studies.

This program covers topical and innovative study areas such as entrepreneurship and business information systems. You'll discover that business management is future-oriented, allowing you to adapt to rapidly changing business environments.

Career opportunities

This program opens up a wide range of career opportunities in the public, private and not-for-profit sectors. Many of our alumni work in leadership positions across various industries.

Honours

Our honours program provides an opportunity for high achievers to spend an extra year learning in-demand business and research skills. These attributes are highly valued by employers, giving you a competitive advantage.

Majors

The business management program provides you with a comprehensive foundation for a successful career in business. Compulsory courses in areas such as management, marketing and finance will equip you with necessary core business skills. You will then build on these by undertaking a major relevant to your desired career.

As you work through your chosen major, you will develop complementary managerial skills.

^a Minimum (adjusted) selection threshold 2020 is the minimum score that was considered for an offer of a place to all applicants.

^c Lowest OP/Rank to receive an offer refers to all recent secondary students who were offered a place in 2020.

Why Commerce at UQ?

UQ Business School commerce graduates are in high demand. We are well regarded for our commerce program and are currently ranked 43rd in the world for accounting and finance.[^] By choosing to study the commerce program, you will develop a combination of core commerce skills, specialist knowledge, and critical evaluation and problem-solving abilities. Your expertise will ensure you are sought by employers and add value to a business within a rapidly changing world.

[^]QS World University Rankings by Subject, 2019

What you will study

How can business performance be measured and assessed? What aspects of performance can be improved and how? How can company, project and investment value be determined to make buy/sell decisions? How do foreign markets, derivatives and debt markets affect my client's portfolio? What is an auditor's responsibility? How can big data be analysed to add value? What issues arise from operating in a virtual corporate environment? You will investigate these topics and more as you study our commerce program.

After examining the fundamental principles of commerce, you will learn how you can apply and adapt them in response to specific challenges faced by businesses. You will build specialised knowledge and skills through a major of your choice.

If you are seeking an in-depth understanding of how accounting, business information systems and finance add value to business and the global economy, then this program is for you.

Career opportunities

This program will set you up for a thriving career in the public or private sector in accounting, banking, financial management, business analysis, business information systems and general management.

Honours

Our honours program is a challenging and rewarding additional year of study. As an honours student, you will hone your business and finance knowledge and skills through research and advanced coursework. Honours is a small-intake program, admitting only the top students from the Bachelor of Commerce.

Professional memberships

As a graduate, you may be eligible for memberships with a diverse range of professional bodies:

Why International Hotel and Tourism Management at UQ?

UQ Business School is internationally recognised for its tourism programs and is the only Australian university to offer programs with UNWTO TedQual* certification.

The BIHTM program blends cutting-edge research and theory with practical exercises to develop your managerial abilities and business acumen. Our lecturers have strong industry and research experience, integrating their expertise into their teaching.

A special feature of this program is its Work Integrated Learning (WIL) component. Through WIL, you will have access to hands-on opportunities including individual placements, executive shadowing positions, wine immersion programs, Disney World internships, and domestic and international study tours.

* United Nations World Tourism Organization
Tourism Education Qualification

What you will study

How can we promote tourism and ensure the sustainability of natural resources? How can social media impact the way we travel? What effects will the world's growing population have on tourism?

You will examine all of these issues and more as part of the BIHTM program. You will have opportunities to develop, promote and deliver events; design and market tourist facilities and attractions; and engage in and evaluate hospitality encounters. Contemporary issues such as sustainability, innovation and customer service will be explored at local, regional and global levels. You will learn to develop solutions to current and future industry challenges, creating change wherever you go.

Career opportunities

Thanks to your advanced management training and impressive professional networks, you will be well positioned for a promising career in the tourism, hospitality

or events industries. Our graduates are in high demand with employers, both locally and internationally.

Honours

Our honours program functions as an extra year of high-quality study, showing employers you have what it takes to excel in the tourism, hospitality or events industries. The high-level research skills you develop will open up further opportunities for you in industry, or they could lead to a higher degree by research (HDR) program.

Majors

Develop in-depth skills and practical experience by choosing majors relevant to your desired career. You can specialise in one or two areas that align with your interests.

For more information

business.uq.edu.au/study

Professional memberships

As a graduate you may be eligible for memberships with a diverse range of professional bodies:

This program is currently under review. Please visit future-students.uq.edu.au for up-to-date information but note, changes may not be reflected there until late 2020.

“Looking back, the most valuable thing I learned throughout my studies at UQ was to trust myself and my abilities, to embrace opportunities and take charge of my own learning. My study experience was exceptional, and I thoroughly enjoyed learning from highly experienced leaders in the industry.”

Janita Zhang

Bachelor of International Hotel and Tourism Management

Janita currently works at The American Chamber of Commerce in Australia in the role of Event Manager QLD and Digital Communications Design Lead (National).

**#1 economics research
institute in Australia**

RePEc, October 2019

**#3 in the world for
research into efficiency
and productivity**

RePEc, October 2019

School of Economics

Study with one of the largest and most influential economics schools in Australia.

Highly ranked

UQ's School of Economics is consistently ranked in the top five per cent of research-intensive economics departments in the world.* Our world-class academic staff and diverse courses will equip you with theoretical knowledge to address real-life problems.

Economics provides meaningful solutions to many of the big issues facing our world, such as climate change, the ageing population, complex international trade negotiations and assisting economies to be competitive in an increasingly globalised context.

* Research Papers in Economics (RePEc)

Push your boundaries

Our stimulating academic environment attracts the brightest and best economics students from around the country and internationally. You will be encouraged to be part of the rigorous debates that challenge and extend conventional economic thought.

Academic and industry leaders

Our accomplished scholars claim a large share of Australia's economics honours, competitive research grants, prestigious fellowships and high-quality publications. We are home to more than 70 active teaching and research staff, including specialists in energy and climate change, productivity and efficiency analysis, development economics, and labour and agricultural economics.

Careers

Economics graduates are highly sought after and among the highest paid in Australia.** They work as economists in consultancies, financial services firms and global corporations, as well as for government and international agencies including the Reserve Bank of Australia, the World Bank, the International Monetary Fund, and federal and state treasuries. Training in economics teaches you to analyse and make decisions – skills that are in demand in most professions, which is why economics is one of the most popular combinations in dual programs.

** Graduate Destination Survey 2015

Nobel Prize Laureate

in Economics (1994) for Game Theory, John C Harsanyi (1920–2000), launched his academic career as an economics lecturer at UQ

Bachelor of Economics

As a Bachelor of Economics (BEcon) student, you will learn how people and organisations make decisions about using our scarce resources. Economics will train you to question, analyse, model and predict human behaviour – skills that are highly desirable in the workplace.

^c Lowest OP/Rank to receive an offer refers to all recent secondary students who were offered a place in 2020.

Why Economics at UQ?

UQ is the only institution in Queensland, and one of a select few in Australia, to offer the Bachelor of Economics. The School of Economics is Queensland's largest, most experienced and influential economics school, with more than 70 teaching and research staff. Our School's research-intensive focus ensures content is engaging and relevant for graduates today and into the future. If you choose to study here, you will develop a range of statistical and analytical tools that you can use to solve pivotal policy and decision-making challenges for business and government.

What you will study

What does it mean if the Reserve Bank of Australia reduces the cash rate? How can economies protect themselves against climate change? What are the benefits of free trade, and do economic sanctions work? How can the government encourage innovation? These are just some of the questions that a Bachelor of Economics at UQ will help you answer.

Initially, you will develop core economic skills through a set of compulsory courses. You will then be able to tailor the program to your interests by choosing elective courses in areas such as econometrics, financial markets, international trade and development, and the economics of business, health, labour, resources and the environment.

Career opportunities

Economics graduates are in high demand by employers. You could work as an analyst, adviser, consultant, economist or researcher in a range of fields including international consulting, infrastructure development and planning, environmental management, international finance, investment and trade, natural resource and agricultural economics, public health, treasury and statistics.

Honours

Our honours program is an extra year of intensive study for high-achieving students within a small-group learning environment. Honours will equip you with an advanced set of economics and research tools that will prove valuable as an economist or in a higher degree by research (HDR) program.

Professional memberships

As a graduate, you may be eligible for memberships with a diverse range of professional bodies:

Majors

You can develop greater depth of knowledge by undertaking a major in an area that is relevant to your desired career.

economics.uq.edu.au/study/undergraduate-programs

UQ offers the only Bachelor of Economics in Queensland

This program is currently under review. Please visit future-students.uq.edu.au for up-to-date information but note, changes may not be reflected there until late 2020.

“In the first 18 months since graduating from UQ, I have made use of many in-depth skills from my university learnings regularly in my work.”

Dominic Byrne

Bachelor of Economics /
Bachelor of Commerce

Dominic now works at Synergies Economic Consulting as a Senior Consultant. Synergies offers flexible work arrangements, which has enabled him to continue tutoring economics at UQ and mentoring students through the Aboriginal and Torres Strait Islander Studies (ATSIS) unit.

**UQ offers Queensland's
only BPPE(Hons)
program**

Bachelor of

Politics, Philosophy and Economics (Honours)

The Bachelor of Politics, Philosophy and Economics (Honours) (BPPE(Hons)) program combines rigorous cross-disciplinary training and explores global policy challenges to help you pursue a leadership career in business, politics, the not-for-profit sector or academia.

QTAC CODE	MINIMUM SELECTION THRESHOLD 2020* OP / RANK / IB / ATAR	LOWEST OP / RANK TO RECEIVE AN OFFER 2020*		DURATION	START SEMESTER	CAMPUS	HONOURS	ADMISSION REQUIREMENTS

See 'Program table explained' on page 44

- > Minimum (adjusted) selection threshold 2020 is the minimum score that was considered for an offer of a place to all applicants.
< Lowest OP/Rank to receive an offer refers to all recent secondary students who were offered a place in 2020.

Why Politics, Philosophy and Economics at UQ?

UQ has joined with a distinguished group of world-leading universities offering a Bachelor of Politics, Philosophy and Economics (Honours). We are the only university in Queensland to offer the program, and one of only a handful in Australia.

This cross-disciplinary program combines courses from the Faculty of Business, Economics and Law and the Faculty of Humanities and Social Sciences.

Our schools are home to internationally renowned scholars. School of Economics academics claim a disproportionate share of Australia's economics honours, competitive research grants and fellowships. The School of Political Science and International Studies is one of the world's leading centres

for the study of national and global politics, and it received the maximum score of 5 in the 2018 Excellence in Research for Australia (ERA) assessment.

What you will study

You will study together as a cohort of highly motivated and high-achieving PPE specialists, drawing on a historical, social, political and economic knowledge base to examine current and future global challenges and the world's most pressing problems.

Career opportunities

With your finely tuned research, analytical, critical reasoning and problem-solving abilities, you will be extremely employable in analytical and decision-making positions in the public, private and not-for-profit

sectors, as an economic or social analyst, policymaker, public commentator, political adviser, or as a leader in international affairs or the diplomatic services.

You will also be well prepared for postgraduate study. You may choose to further your research ambitions by enrolling in a Master of Philosophy or PhD program, where you will continue to develop your skills and make significant contributions to knowledge.

Honours

Honours is awarded to all graduates of this program in the following classes (based on GPA): Class I, Class IIA, Class IIB, Class IIIA, Class IIIB.

“The learning and teaching facilities at UQ are excellent, and the student support services are extensive; these have helped me connect with industry professionals to dramatically improve my career prospects.”

Baxter Norman

Bachelor of Politics, Philosophy and Economics (Honours)

Majors

You can develop greater depth of knowledge by undertaking a major in an area that is relevant to your desired career. From year two, you may choose to specialise in one particular discipline, earning a major in politics, philosophy or economics.

Politics

As a student in this major, you will study the interactions of state and market in great detail through case studies of particular policies and institutions, and at a more general level through theories of governance and politics.

Careers: Graduates enjoy careers in policy-making areas such as government, the public and not-for-profit sectors, and business.

Philosophy

The study of philosophy will introduce you to key ideas in a range of areas of inquiry including epistemology, ethics, logic, metaphysics, the history of philosophy and the philosophy of disciplines such as art, science, education and politics. You will receive intellectual training in the critical evaluation of theories and arguments, and learn how to construct arguments and communicate ideas in a clear and powerful way. You will also acquire advanced analytical reasoning skills and general problem-solving abilities. In addition, philosophy will help you develop sound methods of research and analysis that can be applied in your other courses.

Careers: Graduates enjoy careers in fields including diplomatic and foreign affairs, the arts, financial services, business, law, public policy, social science, teaching and academia.

Economics

The study of economics is central to the understanding of business, markets, trade, government policies, international issues, globalisation, health, development and the environment. You will undertake advanced-level coursework in microeconomics or macroeconomics, including relevant study of econometrics.

Careers: Graduates enjoy careers as analysts, advisers or economists in the public and private sectors in fields including business, finance, international development, management or research.

UQ law graduates rank the highest nationally in securing full-time employment

The Courier Mail, 2017

Linden Peacock volunteered with the One Woman Project, a youth-led not-for-profit founded by UQ Arts/Law alumnus Madeline Price that focuses on educating the community on gender equality. After spending 18 months mentoring high school students on the project, Linden was appointed as the organisation's National Director of People and Culture. Linden is also the Queensland Human Resources Director for UN Youth Australia.

Linden Peacock

Bachelor of Arts /
Bachelor of Laws (Honours)

School of Law

Study at one of the most prestigious and respected law schools in Australia.

Premier legal education

UQ Law is a leading Australian law school with an illustrious history. Refurbished in 2016, our School boasts world-class, state-of-the-art facilities including one of Queensland's largest law libraries and the Sir Harry Gibbs Moot Court. We offer a premier legal education through small-group teaching complemented by a comprehensive co-curricular program.

Academic and industry leaders

Our staff bring a wealth of practical expertise, along with qualifications from leading institutions across the world. They are talented and committed researchers and educators who are recognised for their teaching excellence both nationally and internationally. You will benefit from additional teaching and research expertise delivered by visiting academics, professionals and adjunct professors.

Push your boundaries

Our expanding international outlook combines innovative research with advanced teaching and learning. Our collaborative learning environment will challenge and stimulate you to develop a comprehensive understanding of the law while cultivating excellence in critical reasoning and lateral thinking.

Careers

Since welcoming our first students in 1936, we have earned a distinguished reputation as Queensland's leading provider of legal education, producing highly sought-after graduates.

UQ Law attracts the best and brightest students from Australia and abroad through its competitive entry requirements. We cultivate exceptional legal thinkers and leaders who use their discipline, ingenuity and initiative to change and enrich the world.

Ranked as the 43rd best law school in the world

QS World University Rankings by Subject, 2019

Learning beyond the classroom

UQ Law School has fostered strong working relationships with the community and the legal fraternity. Through these relationships, our students influence the law and its institutions for the benefit of society.

Law alumnus, Olivia Duce, was a member of the UQ Pro Bono Centre Student Advisory Panel and contributed to various group projects including DV Connect's Pets in Crisis Program, the online Deaths in Custody database and the Pro Bono Centre's new law outreach and education program, Everyday Law, which launched in 2019.

Olivia Duce

Bachelor of Economics /
Bachelor of Laws (Honours) graduate

The UQ Pro Bono Centre

Since 2009, the UQ Pro Bono Centre has fostered students' participation in providing legal assistance and support for pro bono and public interest work. The Centre partners with private law firms, barristers, community legal centres and non-government organisations.

By applying your classroom learning to real-life situations, you will make important contributions to unmet legal needs in your community, all before graduation.

law.uq.edu.au/uq-pro-bono-centre

The UQ Pro Bono Centre received a prestigious Australian Award for University Teaching for programs that enhance learning in 2016

Clinical Legal Education

Gain valuable work experience for academic credit in a social justice setting through the elective law course LAWS5180. Students undertake legal work under the close supervision of experienced lawyers.

Pro Bono Roster

The Centre's Pro Bono Roster provides volunteer opportunities within the legal fraternity and community organisations, where you can choose your time commitment and your preferred method of support in pro bono work.

The Manning St Project

The Manning St Project allows you to pursue an interest in policy, advocacy and law reform and public interest research. You will work under the supervision of practising lawyers and academics at Caxton Legal Centre in South Brisbane.

Law Outreach and Education Program

You can be involved in one of the outreach community legal education programs offered by the UQ Pro Bono Centre:

- Asylum and Refugee Law
- Domestic and Family Violence and the Law
- Everyday Law
- International Humanitarian Law (run in conjunction with the Australian Red Cross).

You will liaise with and deliver lessons and seminars to the community, including high school students in the greater Brisbane area.

Co-curricular Education Program

In partnership with the UQ Law Alumni Association, the co-curricular education program complements core areas of study to give you a real-world understanding of how the concepts you are studying manifest in legal practice.

All first-year students have the opportunity to participate in an immersion day at the Supreme Court that includes a guided tour, observation of a trial and presentations by eminent legal professionals.

Internships and work experience

You will gain valuable work experience by undertaking an internship. Prospective employers value work experience, and interning is a great way for you to develop your skills and enhance your CV.

The Aurora Native Title Internship Program

This program places Australian law students with Native Title Representative Bodies (NTRB) and other Indigenous organisations. Typical duties include preparing briefs for counsel and government submissions, conducting legal research, preparing affidavits, and attending court with NTRB staff.

The Office of the Director of Public Prosecutions (ODPP) Work Experience Placement Program

Aimed at law students with a genuine interest in criminal law, this program will give you exposure to a variety of criminal law matters and will develop your knowledge of the criminal justice system.

Transnational Perspectives in Law

As part of LAWS5233 (Transnational Perspectives in Law), students travel to a variety of international locations to make a real contribution to justice while living overseas for short durations. Examples of projects include:

- environmental sustainability projects in Malaysian Borneo
- Leading as Lawyers workshops with the University of Tennessee (Knoxville)
- United Nations Commission on International Trade Law (UNCITRAL) research in Vienna.

Research and publication

You will be encouraged to engage in in-depth research on contemporary legal issues and be supported in your efforts to have your research published. You will have opportunities to work closely with leading academics across a variety of areas through research-intensive course options and our Summer Scholars Program.

Bachelor of

Laws (Honours)

The Bachelor of Laws (Honours) (LLB(Hons)) prepares you for success in the legal profession. Distinguished by rigour, depth and conceptual sophistication, you will develop knowledge and skills that can be used to shape societies, governments and, ultimately, the world.

QTAC CODE	MINIMUM SELECTION THRESHOLD 2020* OP / RANK / IB / ATAR	LOWEST OP / RANK TO RECEIVE AN OFFER 2020*		DURATION	START SEMESTER	CAMPUS	HONOURS	DUAL PROGRAM AVAILABLE	ADMISSION REQUIREMENTS

See 'Program table explained' on page 44

- > Minimum (adjusted) selection threshold 2020 is the minimum score that was considered for an offer of a place to all applicants.
- < Lowest OP/Rank to receive an offer refers to all recent secondary students who were offered a place in 2020.
- * Not all applicants on this OP/Rank gained entry; finer discrimination within the OP/Rank was used.

International recognition

The LLB(Hons) fulfils the academic requirements for admission as a legal practitioner throughout Australia. Students from Singapore, Malaysia or India may use the program to fulfil the academic qualifications required for admission to the legal profession in their home country. Once admitted in Australia, international students may need to complete conversion modules to be eligible for admission in their home country.

Why Law at UQ?

Our courses are taught in seminar settings where you will have the opportunity to expand your knowledge with your peers and professors in an active learning environment. The Forgan Smith Building has been refurbished specifically for law students. The informal learning spaces are popular as they provide a comfortable environment to study alone or in groups.

The LLB(Hons) program offers a thorough understanding of the concepts, principles, policies and values of the law, both in Australia and other jurisdictions. It strives to develop outstanding skills in critical, rational and analytical thinking, and will teach you to craft clear and persuasive arguments – skills that will be valuable in whatever career path you choose.

You will graduate with an internationally respected honours qualification, with advanced knowledge and skills that are transferable across a wide range of careers. Your degree will set you apart in a competitive job market while also providing a pathway to future research or learning.

In addition to the courses required for professional admission, the diverse range of elective courses and exclusive co-curricular activities will provide opportunities to put the knowledge you have acquired in the classroom into practice.

Career opportunities

Legal practitioners

After completing Bachelor of Laws (Honours) from UQ, you must also satisfy the practical legal training requirements before you can be admitted as a legal practitioner.

Examples of career opportunities include:

- **Solicitor**

Solicitors (as sole practitioners or in law firms) are usually the first point of contact for members of the public seeking legal advice. Solicitors are also employed by businesses, government and community, and international bodies to provide legal advice, prepare legal documents, develop policy and advise on legal reform issues.

- **Barrister**

Barristers represent their clients' interests in court proceedings as specialist advocates. Usually they work independently and choose to specialise in particular areas of the law. They also provide oral or written advice on matters within those areas.

“As a new student, you step into a world where a lot is expected of you. However, you are supported throughout the journey and complete your program with a level of confidence, believing that the challenges that exist in the real world are now more manageable due to the knowledge and skills acquired at UQ.”

Milan Gandhi

Bachelor of Laws (Honours)

Milan was the Law Student of the Year at the 2017 Lawyers Weekly Australian Law Awards and currently works at McCullough Robertson in Brisbane.

Milan is also the founder of The Legal Forecast, a not-for-profit think tank that aims to advance legal practice through technology and innovation.

Industry

In addition to being a prerequisite for legal practice, the analytical and research skills you develop in this program will help you secure a career in many other sectors, including:

- **Government**

Law graduates work in various sectors of state and federal government. They can work as legal officers within government departments or may be involved in developing or administering government policy. They may also embark on a career in the diplomatic and foreign service.

- **Corporate**

Many law graduates work as in-house lawyers for large companies where they undertake work in a wide variety of areas such as corporate governance, insurance, environmental compliance and employment law.

- **Business**

Using their law program – often combined with a business management, commerce or economics program – many graduates undertake careers in the business world in areas such as investment banking, insurance, property development and management. Others pursue careers in the consulting or advisory services industry, working to provide solutions for a wide range of clients.

- **Community support and social development**

Graduates can use their law program, combined with any other program, to work for industry associations, lobby and environmental groups, social service groups, think tanks, community service organisations, legal aid and community legal centres.

Academia

Law graduates are well equipped to pursue careers in academia. Those with a passion for research and teaching can pursue further study and seek positions where they can contribute to legal scholarship while educating the next generation of legal practitioners.

Honours

Honours is awarded to all graduates of this program in the following classes (based on GPA): Class I, Class IIA, Class IIB, Class IIIA, Class IIIB.

WHITE & CASE JESSUP INTERNATIONAL ROUNDS

UQ Law School beat more than 600 teams from around the world to be crowned the winner of the 2018 Philip C. Jessup International Law Moot Court Competition in Washington DC, USA.

Mooting

Mooting competitions are mock legal hearings in which legal or factual arguments are presented in a hypothetical case before a judge, tribunal member or arbitrator.

You can participate in a wide range of mooting competitions to help you develop legal knowledge, research and communication skills. These competitions are both internal and external, and they cover issues ranging from commercial disputes to human rights claims.

Coached by academic staff and alumni, UQ's moot teams have achieved tremendous success in local, national and

international mooting competitions year after year. In 2019, UQ triumphed at the International Maritime Law Arbitration Moot Competition, winning it for the second consecutive year and the sixth time overall. We also won the title at our first appearance in the Deakin International Commercial Arbitration Moot.

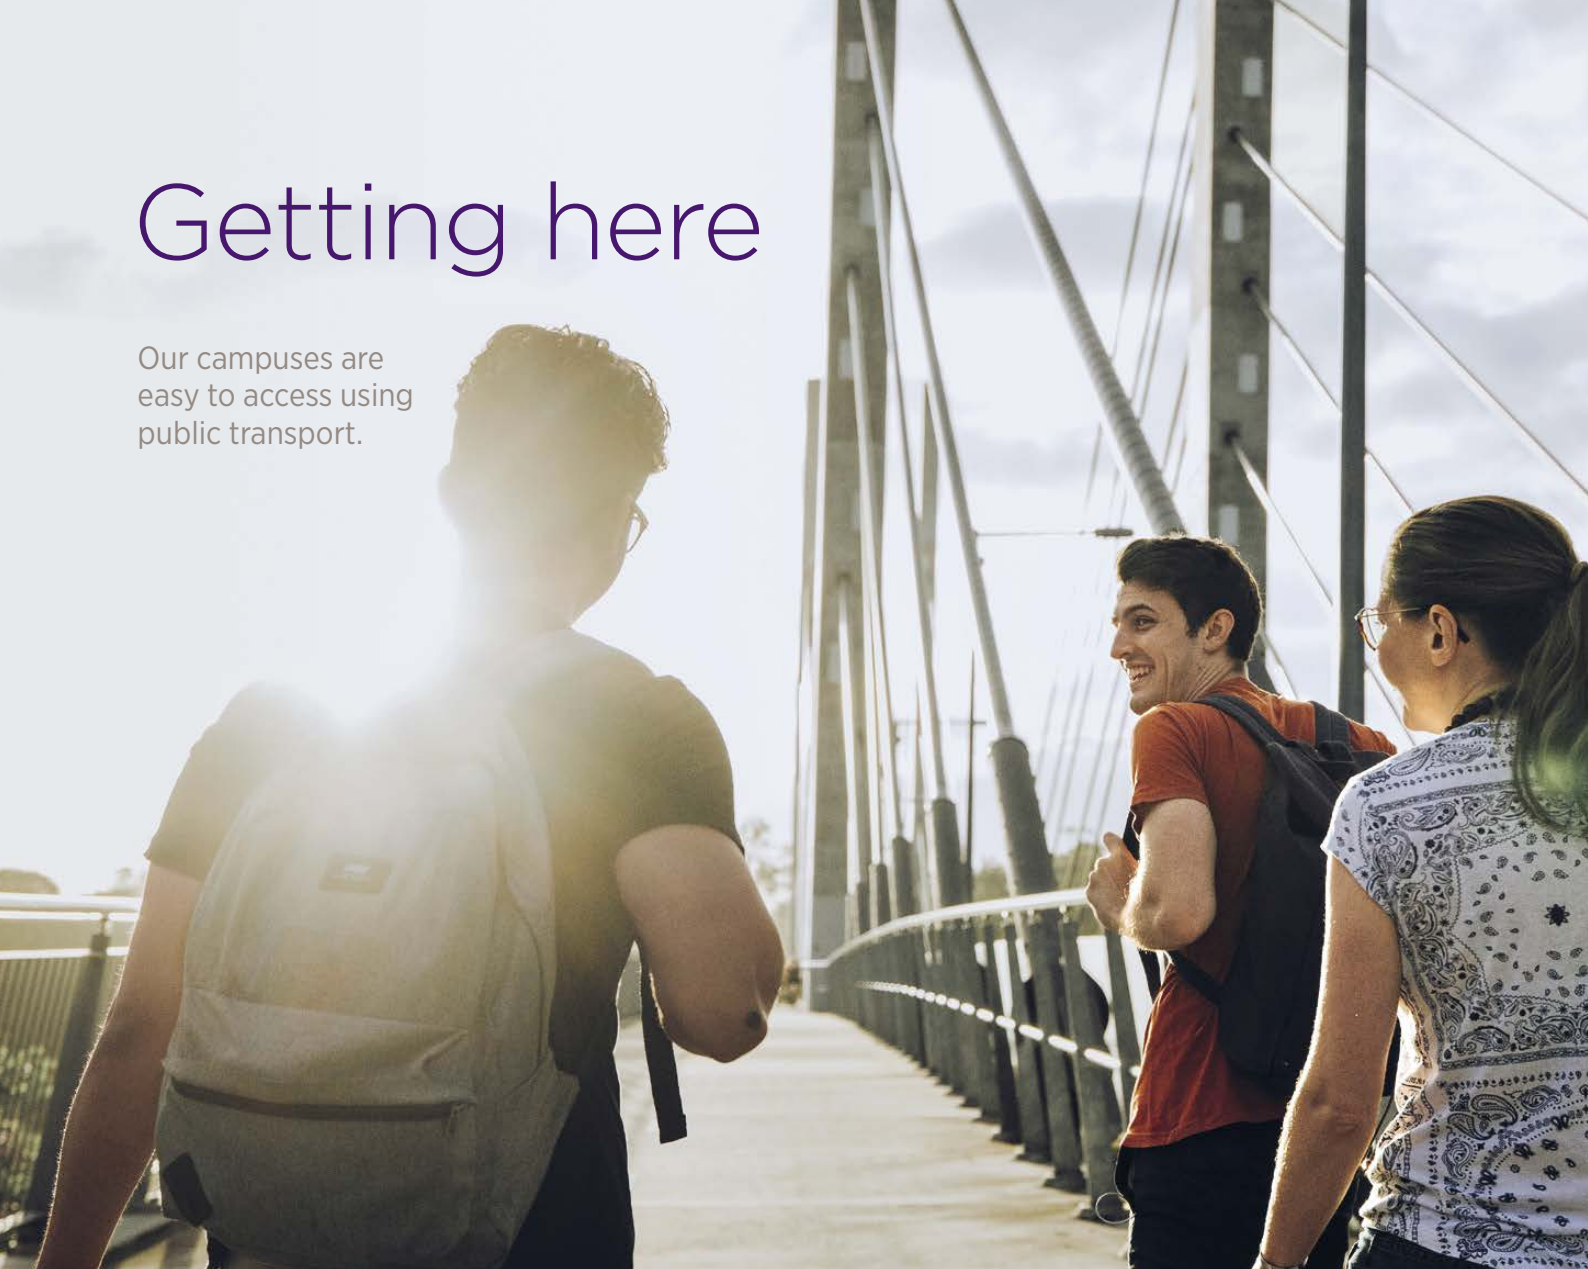

The previous year, our team was crowned World Champions of the 2018 Philip C.

Jessup International Law Moot Court Competition in Washington DC, USA, out of an impressive 600 competing teams. This is the third time UQ has won this prestigious competition, which is the world's oldest and largest international moot competition.

Through generous donations from our alumni and other donors, students receive the financial support necessary to take part in these transformative learning experiences.

Set your career in motion

The award-winning Business, Economics and Law Student Employability Team (BEL SET) is dedicated to helping you access opportunities, increase your employability and manage your career.

Get SET for a rewarding career
Get SET to create change
Get SET, go!

We recommend you start developing your employability skills and building your personal and professional profiles as soon as you start at UQ. You will expand your career options and gain several years of practice and experience to include in your CV when you graduate.

Through the award-winning BEL SET programs, you will learn and apply employability skills that will help you stand out from the crowd in a highly competitive job market.

We partner with external employers, alumni, businesses, government, and community organisations to connect you with work opportunities and to promote industry awareness and engagement.

Access BEL SET's tailored programs and services at every stage of your studies – as an undergraduate or postgraduate student, as well as for six months after graduation.

Pre-degree: **Get SET**

Discover the programs and services available to you as a UQ BEL student, including:

- information about careers and job sectors to help you decide on a career path
- hands-on experience working on real industry projects with the not-for-profit sector
- individual consultations including guidance about career options and mock interview sessions
- workshops to equip you with the skills and attributes to be work-ready
- networking events and opportunities to connect with industry
- work experience and internships
- UQ StudentHub – an online careers portal where you can access details of job vacancies and internships
- information on closing dates for graduate applications with major Australian employers
- UQ Employability programs, UQ Careers Service and Global Grad.

Early degree:

SET in motion

Participate in a series of programs and workshops designed to SET you up with insight into career options and employability skills:

- Consult with BEL SET to create your Career Attainment Plan.
- Create a CV and LinkedIn profile.
- Seek part-time work.
- Get involved in voluntary work and on-campus activities.
- Review the online career insight resources on the BEL SET StudentHub site.

World of Work event series

These events give you the opportunity to network with young professionals about their careers and experiences transitioning to work after graduation. Aimed at first- and second-year students, these sessions give you an insight into what it would be like to do their job, helping you explore possible career options in different industries.

The Business, Economics and Law Student Employability Team was the proud winner of the employability category in the prestigious *Australian Financial Review's* 2016 Higher Education Awards

Mid-degree:

SET the bar high

- Book a consultation with BEL SET for help with internship applications.
- Apply for internships and vocational work-integrated learning programs.
- Take part in the Community Engagement Program (CEP) and seek voluntary work opportunities.
- Attend the interactive Career Success Program workshops.
- Participate in networking events.
- Take part in work-shadowing and workplace cultural excursions.
- Apply for the Student Work Experience Program (SWEP).

Community Engagement Program (CEP)

Make a positive impact and create change in the community by applying your classroom knowledge to projects in the not-for-profit sector. The program will challenge you to develop your leadership capability and enable you to demonstrate your business-planning, strategic and teamwork skills. CEP is an opportunity for you to grow your network, gain valuable employability skills and build your personal and professional profiles.

Student Work Experience Program (SWEP)

This mock recruitment and work experience program for mid-degree students provides the opportunity to practise participating in a competitive assessment centre recruitment process, similar to those used by large organisations. Successful candidates will secure professional unpaid work experience for two to three weeks during the end-of-semester-break.

Penultimate and final year:

SET for success

Recruitment for graduate roles often starts a year before graduation. BEL SET can help ensure you are prepared:

- Become a mentee in our BEL Career Mentoring Program.
- Attend employer-led workshops for help with applications.
- Have an individual consultation focused on applications and mock interviews.
- Attend professional networking events.
- Get inspired at The Edge Leadership Series events.

BEL Career Mentoring Program

Complement your academic knowledge by connecting with a personal industry mentor – often a BEL alumnus. Mentors are an invaluable source of insight and support as you make the transition from student to graduate. Your mentor can share tips on how to apply your learning to work, help you understand what attributes and behaviours are valued in the workplace, and guide you in using your existing skills to find work experience.

Behind the Scenes

Learn about upcoming graduate employment opportunities and hear directly from employers on how to prepare and succeed with your applications, including research and networking and the various stages of the intern and graduate recruitment and selection process. These workshops are an excellent opportunity for you to network with employers to make a great first impression.

The Edge Student Leadership Series

Hear from inspirational leaders including CEOs, managing directors, partners, general managers and entrepreneurs across a range of industries. Our guest speakers share their personal and career journeys, giving you invaluable first-hand insight into how business leaders got to the top of their game and how they overcame any challenges.

Management Consultancy Bootcamp

If you want to be challenged and make an impact, a career in management consultancy could be for you. A select group of BEL students will attend the bootcamp's four events and have exclusive early access to a number of leading management consultancy companies and mentors. It will help shape your thinking about your future career and provide you with time to ensure you are fully prepared for the application process.

Mentoring Program**

Post-degree:

SET for life

You have been studying alongside your future colleagues, so it is worthwhile staying connected with them through UQ's alumni community via the popular Alumni Lecture Series and other engaging events.

To support your transition to work, for six months after graduation, you can continue to access individual consultations with your BEL SET contact and attend BEL SET workshops and events.

After some time in the workforce, you can continue to develop your employability skills by participating in SET workshops as a guest speaker or mentor.

UQ Employability Award:

The UQ Employability Award program encourages undergraduate and postgraduate coursework students to further develop their skills beyond the classroom and to produce well-rounded, highly sought-after graduates.

BEL SET has incorporated a number of their programs into the requirements, and all program attendance will count towards completion of the Award.

You can enrol in the program at any time during your undergraduate (including honours) or postgraduate coursework degree.

“The BEL Student Employability Team has encouraged me to engage in multiple extracurricular activities and employment opportunities, which not only increases my employability but makes me more prepared to enter the workforce.”

Rebecca Nucifora

Bachelor of Business Management / Bachelor of Commerce

See the world

See the potential of the world. Gain the knowledge to make it better.

How to study overseas

Studying overseas is an ideal way to enhance your employability while also enjoying the experience of a lifetime. As a UQ student, you can access a range of global opportunities, from exchange and short-term experiences to international internships, volunteering and opportunities to represent UQ on the global stage. Our UQ Abroad team can help guide you through the application process and get you set for international success.

Student exchange program

Study overseas in your choice of 38 countries for up to one year while still gaining credit towards your UQ degree. While you're on exchange, tuition fees at the host university are waived and you'll continue to pay fees and be enrolled at UQ. You can even apply for exchange scholarships and may be eligible for funding through the Business, Economics and Law Faculty, travel grants or an OS-HELP loan* to assist with airfares, accommodation, travel insurance and living costs.

Short-term experiences

Want to study, work or live overseas for only a short time? Short-term global experiences are a great way to discover more of the world, develop valuable contacts and make the most of your semester breaks. Many experiences at approved host universities in Asia, Europe, the USA or Latin America are eligible for credit towards your UQ program.

* OS-HELP loans available to domestic students only.

“My exchange to the Copenhagen Business School (CBS) was incredibly rewarding and truly unforgettable. I was able to complete three human resources courses at CBS, as well as an elective in Danish. My exchange allowed me to develop my ability to interact with people from all sorts of countries, backgrounds and cultures.

The absolute highlight was making wonderful friends from all over the world and sharing the experience with them.”

Lucy Marchant

Bachelor of Business Management /
Bachelor of Arts

Universitas 21 student experiences

UQ is a member of Universitas 21 (U21), an international network of leading research-intensive universities that work together to enhance the student experience across the world. Apply to participate in a range of U21 student experiences such as short-term Summer/Winter Schools, global competitions and student exchange, and build your global network of like-minded peers.

employability.uq.edu.au/u21

Start planning now!

If you're interested in studying overseas, UQ Abroad offers information sessions throughout the year, or you can get in touch with the exchange adviser for business, economics and law students at exchange@bel.uq.edu.au.

Apply for a scholarship

Make your UQ experience more affordable with the support of a scholarship. You may not think you're eligible for a scholarship, but you might be surprised!

"Receiving a scholarship definitely blew my mind. The benefit wasn't only getting a discount in tuition fees. UQ held events where we could get to know other scholarship recipients, make new friends and build a network."

Deepak Torres

Bachelor of Commerce

University-wide scholarships

UQ has a range of scholarships designed to reward the achievements of outstanding school leavers, to identify, support and develop tomorrow's leaders, and to offer support to students who might not otherwise be able to attend university.

UQ also has a number of other scholarships for both undergraduate and postgraduate students that provide fee relief or financial assistance, which you can apply for even after you have started at UQ.

Keep an eye out for upcoming scholarships related to your study area. There are also scholarships to help with studying abroad, assistance for regional and rural students, and career-specific scholarships.

If you are completing Year 12 in 2020, or you completed Year 12 in 2019 and are on a gap year, you may be eligible to apply for a scholarship.

scholarships.uq.edu.au

Sporting

If you excel in both your chosen sport and academic studies, you may be eligible for a UQ Sporting Scholarship. A range of scholarships are offered in partnership with UQ Sport.

Elite athlete support

UQ is an elite athlete-friendly university, which supports over 200 elite-level student-athletes manage their sport and studies. Dedicated UQ Sport staff, in partnership with UQ, provide academic liaison support to negotiate flexible options for enrolment, assessment and course-related needs.

uqsport.com.au/scholarships

Business, Economics and Law scholarships

International

For international students wanting to study business, economics or law at UQ, a range of scholarships is offered, including the prestigious Global Leaders Scholarship Program.

TC Beirne School of Law Scholarships

For outstanding international students seeking admission into either the undergraduate Bachelor of Laws (Honours) (LLB (Hons)) or a dual degree program that includes the LLB (Hons).

Award value: two scholarships are on offer. One covers 50% of tuition fees, and one covers 25% of tuition fees.

Business Scholarship for Chinese Students

This scholarship is to encourage and support a Chinese student in their business studies.

Award value: \$1000 per year.

Thomas A. Plein Foundation Scholarship

For US citizens who are enrolled in an undergraduate or postgraduate business, economics or law program.

Award value: minimum \$3000 per year.

Domestic

Domestic Leadership, Excellence and Diversity (LEAD) Scholarship

For students wishing to study law and who have experienced difficult circumstances during their schooling.

Award value: \$8000 per year for up to five years.

UQ School of Law Scholarship

Awarded to full-time students who are experiencing financial hardship.

Award value: up to \$5000.

Year 12 Equity and Diversity Economics Scholarship

Awarded to students disadvantaged during their high schooling. Students from low socio-economic backgrounds, of Aboriginal or Torres Strait Islander background, or who have suffered educational setbacks are encouraged to apply.

Award value: 100% of tuition fees

McCullough Robertson Endowed Scholarship

Awarded to full-time law students who are experiencing social, physical or economic challenges.

Award value: minimum \$3000.

Blue Sky Alternative Investments Business Scholarship for Indigenous Students

Awarded to Indigenous students who have financial needs and are studying business.

Award value: 100% of tuition fees.

Don Argent Endowed Indigenous Business Scholarship

For Indigenous students who are experiencing financial hardship and are studying business.

Award value: minimum \$10,000 per year.

J.M. Donnelly Scholarship

For female students with Samoan heritage who are studying business, economics or law at UQ.

Award value: \$3000 per year.

bel.uq.edu.au/scholarships-and-awards

Please note: All figures were correct at time of printing but are subject to change. See scholarships.uq.edu.au before applying to confirm correct values.

Applying to UQ

Follow the steps to apply to UQ and start on the path to your future.

STEP 1

Choose

Choose your program

- Read your options on pages 8–29.
- Visit future-students.uq.edu.au.

TIP: Check that you meet all academic and other entry requirements and meet any specific program deadlines.

A range of study area guides and other UQ publications can help you choose the right program.

future-students.uq.edu.au/publications-and-forms

STEP 2

Apply

Apply to study

Future students

Apply by visiting qtac.edu.au.

Current students at other universities

Apply by visiting uq.edu.au/apply.

TIP: Before applying, check that your current institution will give you transferable credit.

How to apply via QTAC

Apply for admission to UQ undergraduate programs through the Queensland Tertiary Admissions Centre (QTAC). The QTAC website explains how to apply, the entry requirements you need and application deadlines.

List up to six program preferences, but you will receive only one offer – for the highest preference that you are eligible for. Place programs in order of preference, placing your dream program first and your back-up options next.

qtac.edu.au

STEP 3

Accept

Accept your offer

1. Log in by clicking 'Applications' and then 'Application Log In' at qtac.edu.au.
2. Select 'Log In' and enter your details.
3. Select the 'Accept' offer option.
4. Accept your offer.
5. Activate your student account.
6. Go to my.uq.edu.au/starting-at-uq and follow the instructions.
7. Get excited about starting at UQ.

STEP 4

Enrol

Enrol in courses

1. Access your program rules, course list and other helpful information by logging in to my.uq.edu.au/starting-at-uq.
2. Choose your courses at my.uq.edu.au/programs-courses.
3. Enrol online at sinet.uq.edu.au.
4. Select preferred class times via My Timetable (in my.UQ portal)
5. Pay fees (see page 43).

Are you an Aboriginal or Torres Strait Islander student?

Our Aboriginal and Torres Strait Islander Studies Unit can help you with:

- understanding your options
 - choosing what to study
 - applying for scholarships and entry.
- atsis.uq.edu.au

STEP 5

Prepare

Prepare for Week 1

- Complete the steps on the Starting at UQ website. my.uq.edu.au/starting-at-uq.
- Attend a Getting Started session.
- Check if you need to attend any program sessions before Orientation Week.
- Pick up your student ID card after you have enrolled.
- Get answers to any remaining questions before classes start by emailing starting@uq.edu.au.

STEP 6

Let's go!

Get ready for the ultimate university experience

- Prep Week – jump-start your university journey.
- Experience a taste of #uqlife during Orientation Week.
- Connect Week – join the social scene, make new friends and link in with your academic circle.
- Culture Week – experience UQ's diverse cultural and global networks.
- Success Week – learn about the resources available to help you succeed at UQ.
- Instagram (@uniofqlld) or Snapchat (uniofqlld) your UQ experience to your friends.

Fees

Fees for 2021 are expected to be available from August 2020.

Before you enrol, faculty Academic Advisers can help you develop a study plan.

my.uq.edu.au/fee-schedules

It all adds up!

Don't forget to budget for accommodation, books, study materials and transport.

Insider Guides provides a helpful online Cost of Living Calculator to estimate your weekly, monthly and yearly living costs.

insiderguides.com.au/cost-of-living-calculator

Plan your finances

University is a valuable investment in your future.
Knowing what it costs will help you manage your money.

Fees and costs

Course fees and student contributions

Most undergraduate places for domestic students at UQ are funded partly by the Australian Government (Commonwealth support) and partly by you (student contribution).

Fees are charged according to the courses you choose, not the program you're enrolled in, so it's not possible to publish a fixed fee for a program. Because most students can choose different electives during their program, costs will vary.

However, indicative annual fees are listed with each program on our Future Students website to help you plan your budget.

If you're an Australian or New Zealand citizen, or an Australian permanent humanitarian visa holder and have a Commonwealth-supported place, you may also qualify for the Higher Education Loan Program (HELP) to defer payment of your student contribution and Student Services and Amenities Fee (SSAF). You will need to apply for a tax file number at ato.gov.au, if you don't already have one, in order to obtain a HELP loan.

International students pay full tuition fees.

If you have a Commonwealth-supported place, your student contribution amount depends on the fee band level of the courses you choose (see table at above right).

future-students.uq.edu.au/study/find-a-program

Commonwealth-supported fee bands

BAND	AREA OF STUDY	ANNUAL STUDENT CONTRIBUTION*
3	Law, accounting, administration, economics, commerce, dentistry, medicine, veterinary science	\$11,155
2	Mathematics, statistics, computing, built environment, allied health, other health, science, engineering, surveying, agriculture	\$9,527
1	Humanities, behavioural science, social studies, education, foreign languages, visual and performing arts, nursing, clinical psychology	\$6,684

*2020 figures only, based on a full-time (16 unit) workload; figures indexed annually

Monthly cost of living

	STUDENT LIVING IN ON-CAMPUS COLLEGE	STUDENT LIVING OFF-CAMPUS / STUDENT ACCOMMODATION
Rent	\$2000-\$2800	\$480-\$1760
Utilities (gas, electricity, water)	included in rent	\$150-\$175
Food	included in rent	\$320-\$600
Mobile phone / internet	\$80-\$120	\$80-\$120
Public transport	\$40	\$50-\$100
TOTAL	\$2120-\$2960	\$1080-\$2755

*This table should be taken as a guide only. For the most accurate costs of living, visit my.uq.edu.au/starting-at-uq/student-finances/budgeting

Student Services and Amenities Fee

The Student Services and Amenities Fee (SSAF) is a compulsory fee that is used to subsidise, support or fund non-academic services for students, such as support services, advocacy, study skills, career development and employability.

UQ levies the SSAF – which is capped at a maximum of \$308 for 2020 – according to whether you're an internal or external student, and full-time or part-time. The fee is indexed annually.

bit.ly/uq_ssaf

Keeping your costs down

- Investigate the financial support and fee payment options offered by Centrelink.
humanservices.gov.au
- Explore the scholarships on offer (see pages 38–39).
- Enjoy UQ Union's free and low-cost entertainment and activities, such as Morning Marmalade and Kampus Kitchen.
uqu.com.au
- Get concessions and student discounts at participating retailers and institutions with your UQ student card.

Program table explained

START SEMESTER

The academic year at UQ is divided into two main semesters. Semester 1 starts at the end of February and Semester 2 starts at the end of July.

CAMPUS

One of three UQ teaching sites where the majority of lectures are held.

HONOURS

At UQ, honours may be awarded as a one-year bachelor's honours degree after you have completed a bachelor's degree, or as a single bachelor's honours degree typically taking four years of study. Some undergraduate programs allow eligible students to transfer to a bachelor's honours degree at a defined point in the bachelor's degree. This box shows whether honours is available with a program.

DUAL PROGRAM

Two UQ degree programs undertaken at the same time (sometimes known as dual / parallel / combined / double degree). This box lists dual programs you can choose to study with a program.

ADMISSION REQUIREMENTS

Some programs require you to have completed specific subjects (or their equivalent) at school. Some also have additional requirements.

QTAC CODE	MINIMUM SELECTION THRESHOLD 2020 OP / RANK / IB / ATAR	LOWEST OP / RANK TO RECEIVE AN OFFER 2020		DURATION	START SEMESTER	CAMPUS	HONOURS	DUAL PROGRAM AVAILABLE	ADMISSION REQUIREMENTS
		ADJUSTED	UNADJUSTED						
714001	7 / 87 / 32 / 86.85	7 / 87	8 / 86	3 years full-time (or part-time equivalent)	1, 2	St Lucia	Additional year of study	Arts, Business Management, Commerce, Engineering (Honours), Laws (Honours), Mathematics, Science	Queensland Year 12 (or equivalent) English, Mathematical Methods

Sample information only

QTAC CODE

A unique code number assigned by QTAC to each individual undergraduate university program. You will need to use this number on your QTAC application.

MINIMUM SELECTION THRESHOLD 2020 OP / RANK / IB / ATAR

The minimum (adjusted) selection threshold is the minimum score that was considered for an offer of a place to all applicants.

OP – Overall Position. A statewide order of ranking students from 1 to 25 (with 1 being the highest) based on achievement in QCAA subjects studied for the Queensland Certificate of Education. Phased out in 2019.

Rank – (also selection rank)

Selection rank ranging from 1 to 99 (with 99 being the highest) allocated to university applicants who are not current Year 12 students in Queensland (OP eligible). Rank is usually determined by academic results in the highest level of study completed.

IB – International Baccalaureate points.

ATAR – The Australian Tertiary Admission Rank (ATAR) is the standard measure of overall school achievement used in all Australian states and territories (with the exception of Queensland). It is a rank indicating a student's position overall relative to other students. The ATAR is expressed on a 2000-point scale from 99.95 (highest) down to 0, in increments of 0.05. For 2021 admission, the ATAR will replace the Overall Position (OP) as the standard pathway to tertiary study for Queensland Year 12s.

ADJUSTMENT FACTORS

Previously referred to as 'bonus points', these are a numerical value added to or used in combination with an OP or selection rank. Common adjustment factors may include subject adjustments, enrichment studies, or educational disadvantage.

Adjusted

The lowest OP or selection rank to which an offer was made to recent school leavers including any adjustment factors that may have been applied.

Unadjusted

The lowest 'raw' OP or selection rank to which an offer was made to recent school leavers, excluding any adjustment factors.

DURATION

The time it takes to complete a program when it is studied full-time.

Full time. The standard study load is eight units per semester. Full-time study is 75 per cent or more of the standard study load (i.e. six units per semester for most programs).

Part time. Part-time study load is less than 75 per cent of the standard study load (i.e. less than six units per semester for most programs).

Study options

UQ offers more than 80 exciting undergraduate programs and 60 dual programs to help build your dream career. For more details, check out our range of publications, or go to future-students.uq.edu.au
