EMPLOYER-LED WORKSHOPS

Australia’s top graduate employers present student workshops on how to prepare for and succeed with your applications for vacation and graduate programs.

BEL SET’s Employer-led Workshops provide you with insight into the recruitment process and the ability to make a great first impression on graduate recruiters.

These informative and insightful workshops cover the whole job application process from start to finish. Topics include: targeting potential employers, applying, interviews and assessment centres and managing job offers. By attending you will increase your understanding of the job application process, and how to be competitive in that process. You will also have an ideal opportunity to engage with employers, get their first-hand advice, and create a great first impression.

BY PARTICIPATING IN THE WORKSHOPS, YOU WILL:

- understand the different stages of the job application process
- develop techniques to succeed in your job applications
- understand the recruitment processes of participating employers
- develop connections with potential future employers.

Each session runs for 60-90 minutes and consists of advice about specific aspects of the recruitment process, presentations by participating employers on their student and graduate opportunities, and a networking session.
