BEL COMMUNITY ENGAGEMENT PROGRAM (CEP)

CEP enables you to not only make a positive impact and create change in the community, but also helps you build your personal and professional profile, increasing your potential to stand out to employers.

Connect with like-minded Business, Economics and Law (BEL) students to apply your creativity and innovative approaches to develop fresh perspectives and solutions to overcome challenges faced by not-for-profit organisations.

Participation in CEP is both personally very rewarding and also demonstrates to potential employers that you have the initiative, skills and drive to be an ideal graduate employee.

This program is open to undergraduate BEL students who have completed a minimum of one year full-time study or any student enrolled in a BEL postgraduate course (except those studying for an MBA).
